# ARIZONA STATEWIDE FEASIBILITY: Total Vehicle Volume Estimate (AADT)

Truck Stop Companies
- Flying J
- Love's
- Petro
- Pilot
- TA

Arizona - Land types
- Private Lands
- Lands of the government
- Federal, Natural and Indian Lands
- All Roads
- Arizona State
- States of USA

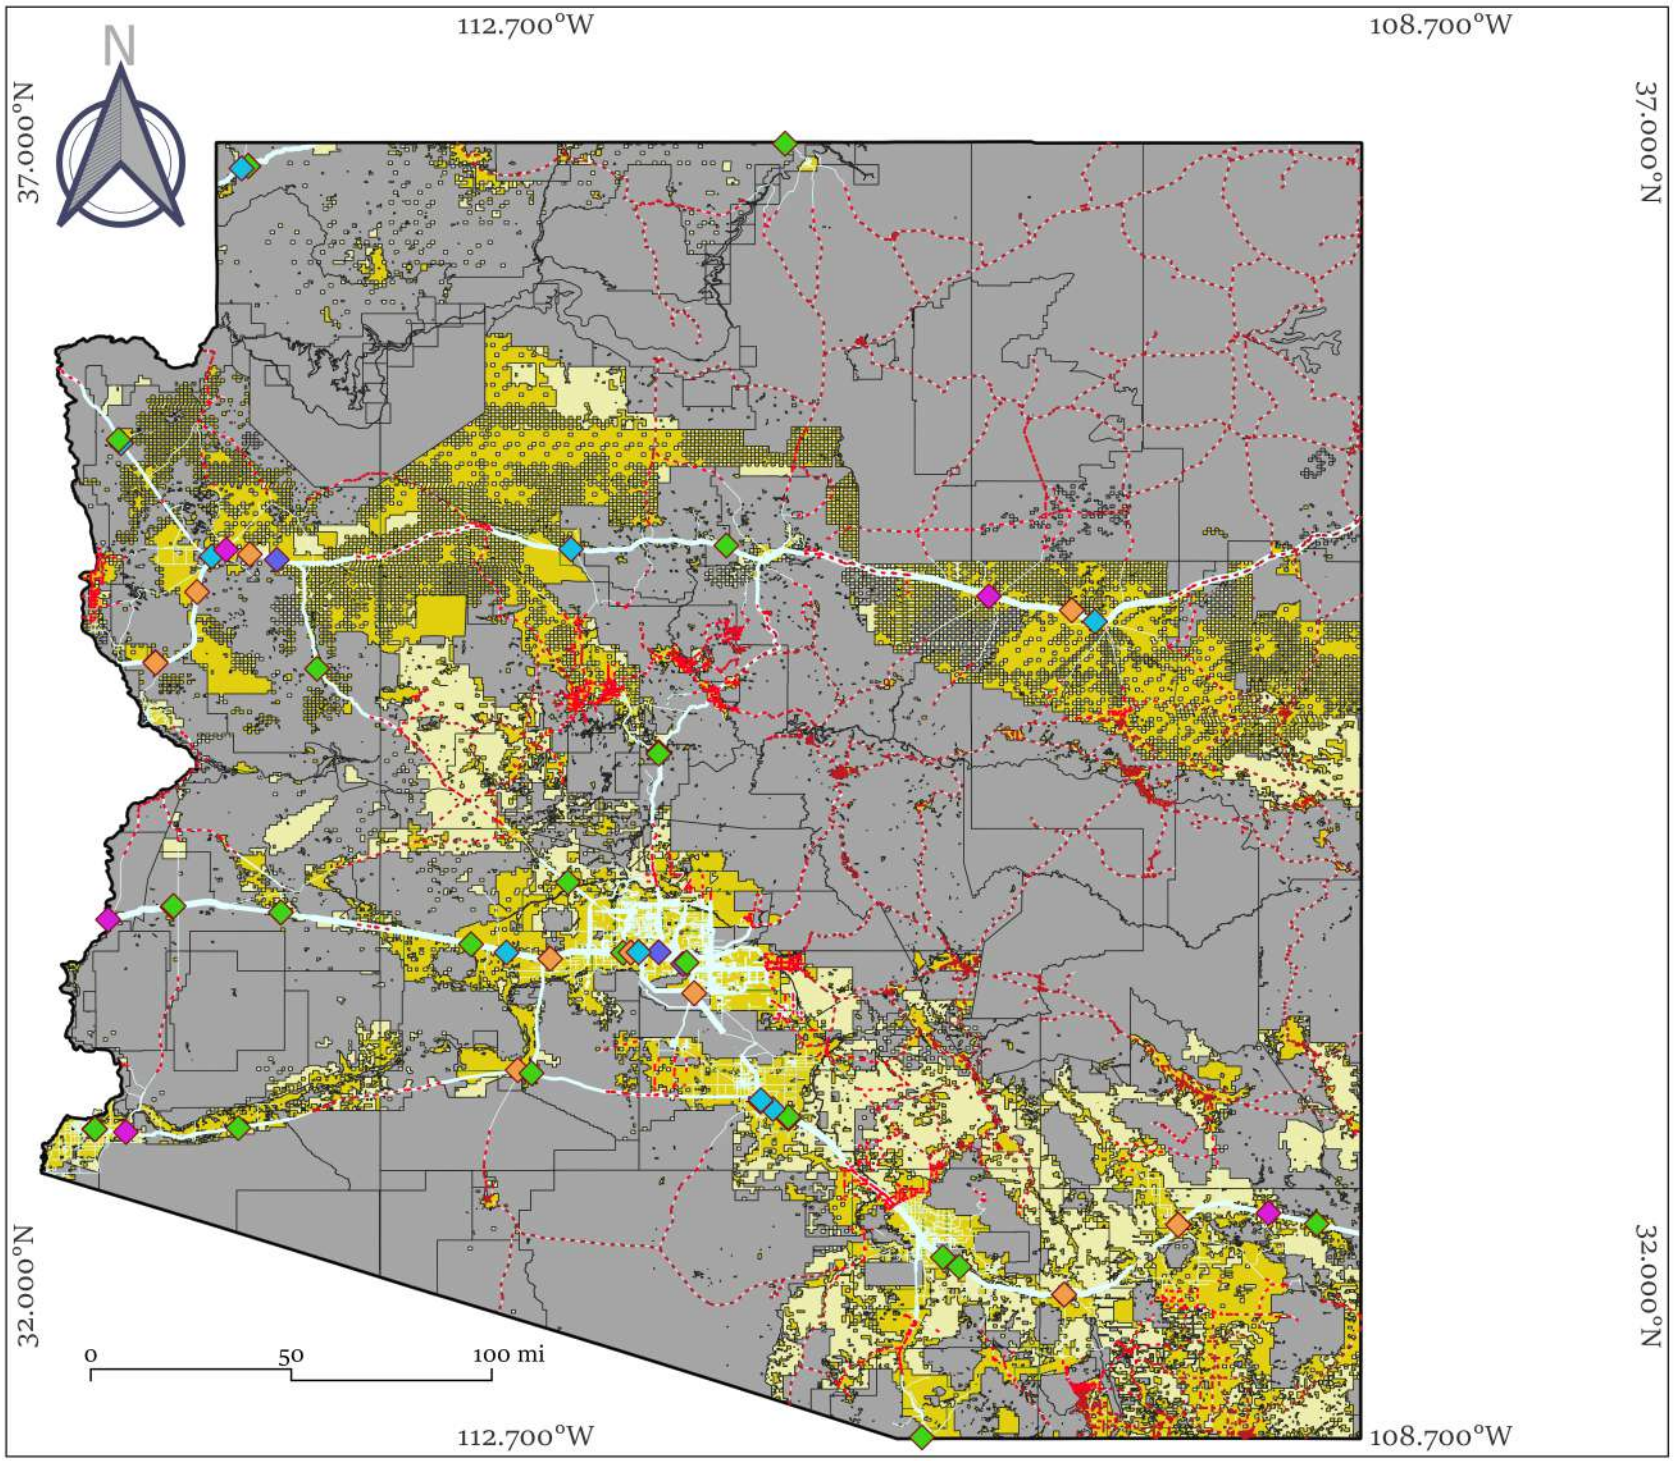

Total Vehicle Volume (Future AADT)
- < 20,000 vehicles/day
- 20,000 - 50,000
- 50,000 - 100,000
- 100,000 - 200,000
- > 200,000 vehicles/day

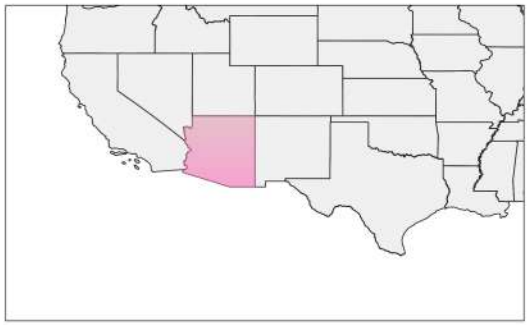

Coordinate System: EPSG:26912 - NAD83 / UTM zone 12N

Data Sources:
- Bureau of Land Management (2026);
- AZGeo Data Hub (2025);
- U.S. Census Bureau (2026);
- © OpenStreetMap contributors (2026).

# ARIZONA MARKET GAPS: Uncontested High-Volume Corridors

Truck Stop Companies
- Flying J
- Love's
- Petro
- Pilot
- TA

- Crowded Market (> 30-mile void)
- Sweet Spot (20-mile gap)
- Private Lands
- Lands of the government
- Federal, Natural and Indian Lands
- Arizona State
- States of USA

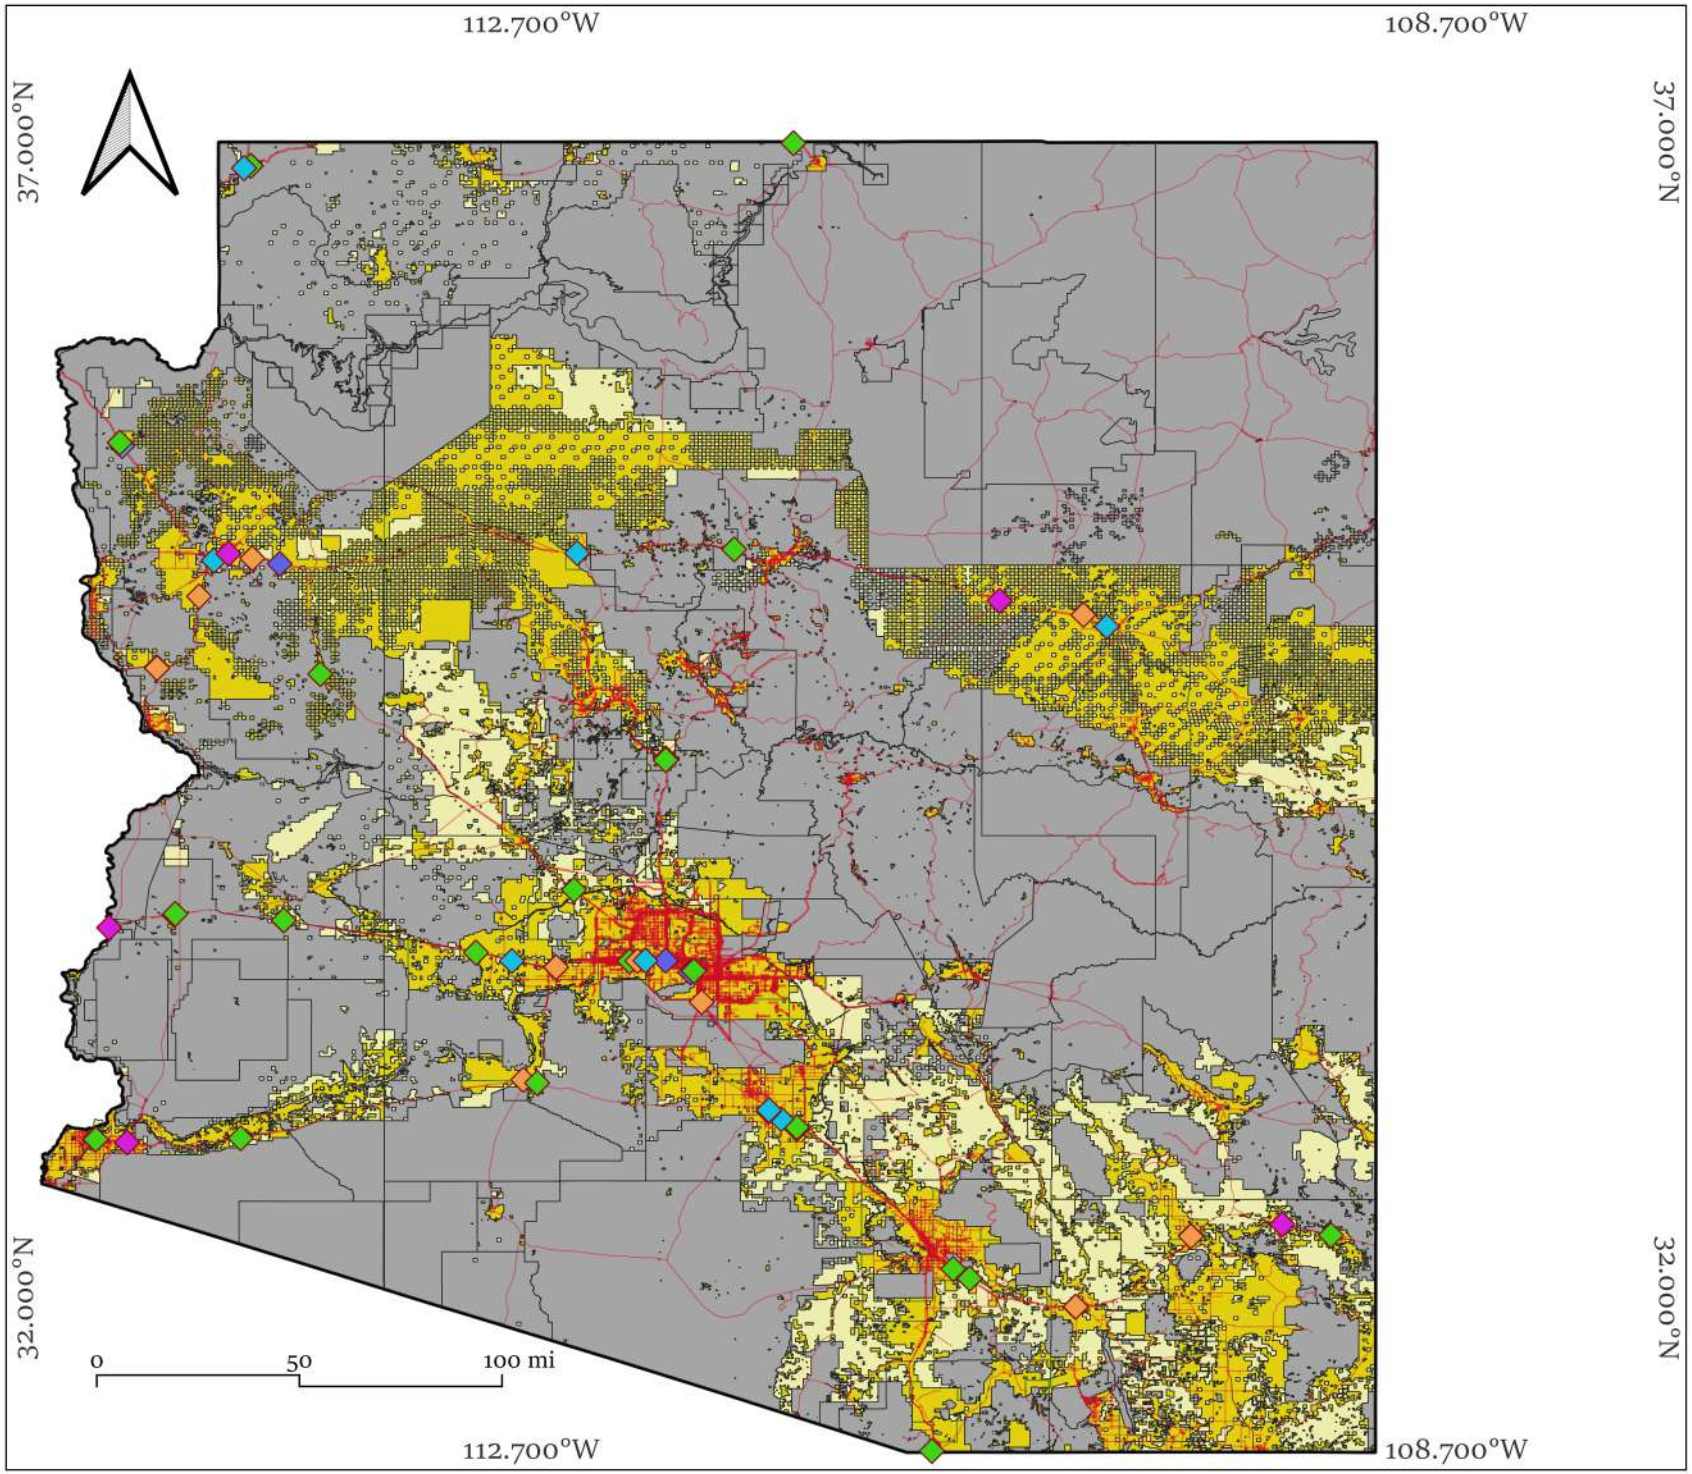

Heavy Truck Volume (AADT)
- < 800 trucks/day
- 800 - 2,500
- 2,500 - 5,000
- 5,000 - 10,000
- > 10,000 trucks/day

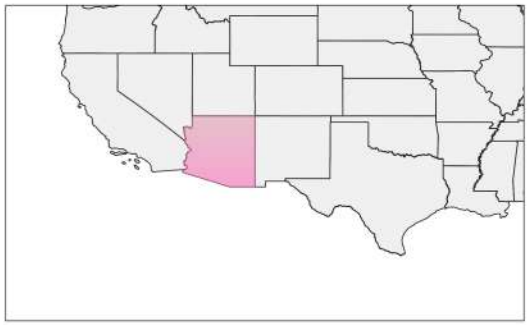

Coordinate System: EPSG:26912 - NAD83 / UTM zone 12N

Data Sources:
- Bureau of Land Management (2026);
- AZGeo Data Hub (2025);
- U.S. Census Bureau (2026);
- © OpenStreetMap contributors (2026).

# ARIZONA STATEWIDE FEASIBILITY: Regional Commercial Traffic (AADT for Single-Unit Trucks)

Truck Stop Companies
- Flying J
- Love's
- Petro
- Pilot
- TA

Arizona - Land types
- Private Lands
- Lands of the government
- Federal, Natural and Indian Lands
- All Roads
- Arizona State
- States of USA

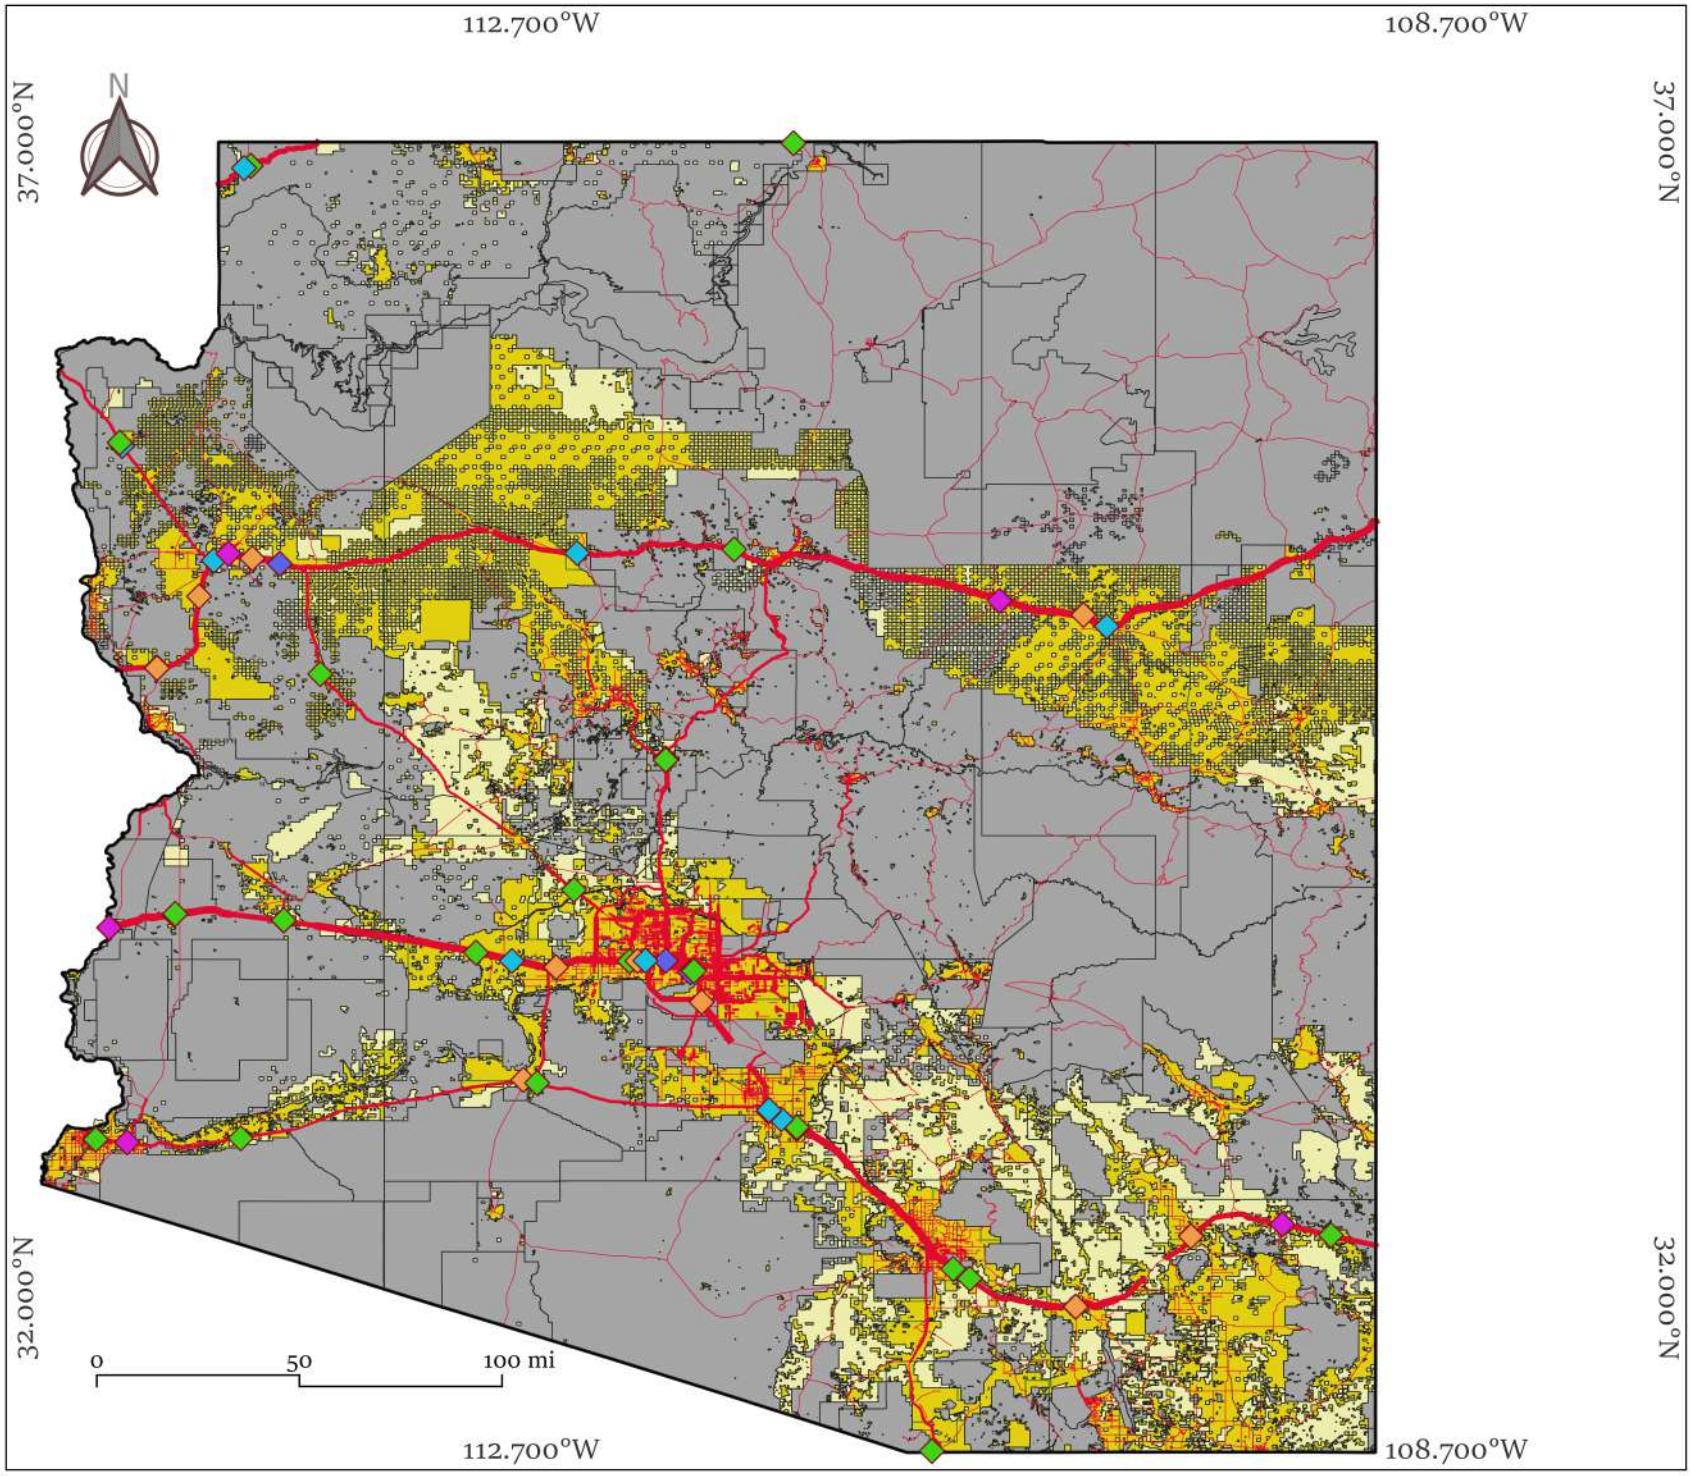

Single-Unit Truck Volume (AADT)
- < 1,000 trucks/day
- 1,000 - 4,000
- 4,000 - 10,000
- 10,000 - 20,000
- > 20,000 trucks/day

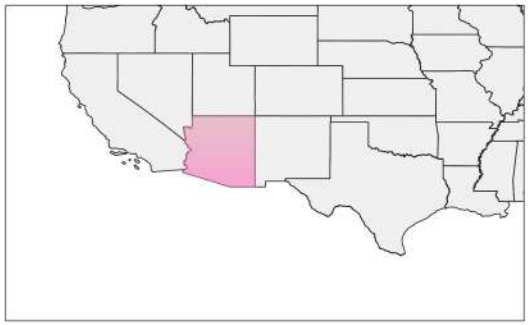

Coordinate System: EPSG:26912 - NAD83 / UTM zone 12N

Data Sources:
- Bureau of Land Management (2026);
- AZGeo Data Hub (2025);
- U.S. Census Bureau (2026);
- © OpenStreetMap contributors (2026).

# STATEWIDE FEASIBILITY IN ARIZONA: Long-Haul Commercial Traffic (AADT for Combination Trucks)

Truck Stop Companies
- Flying J
- Love's
- Petro
- Pilot
- TA

Arizona - Land types
- Private Lands
- Lands of the government
- Federal, Natural and Indian Lands
- All Roads
- Arizona State
- States of USA

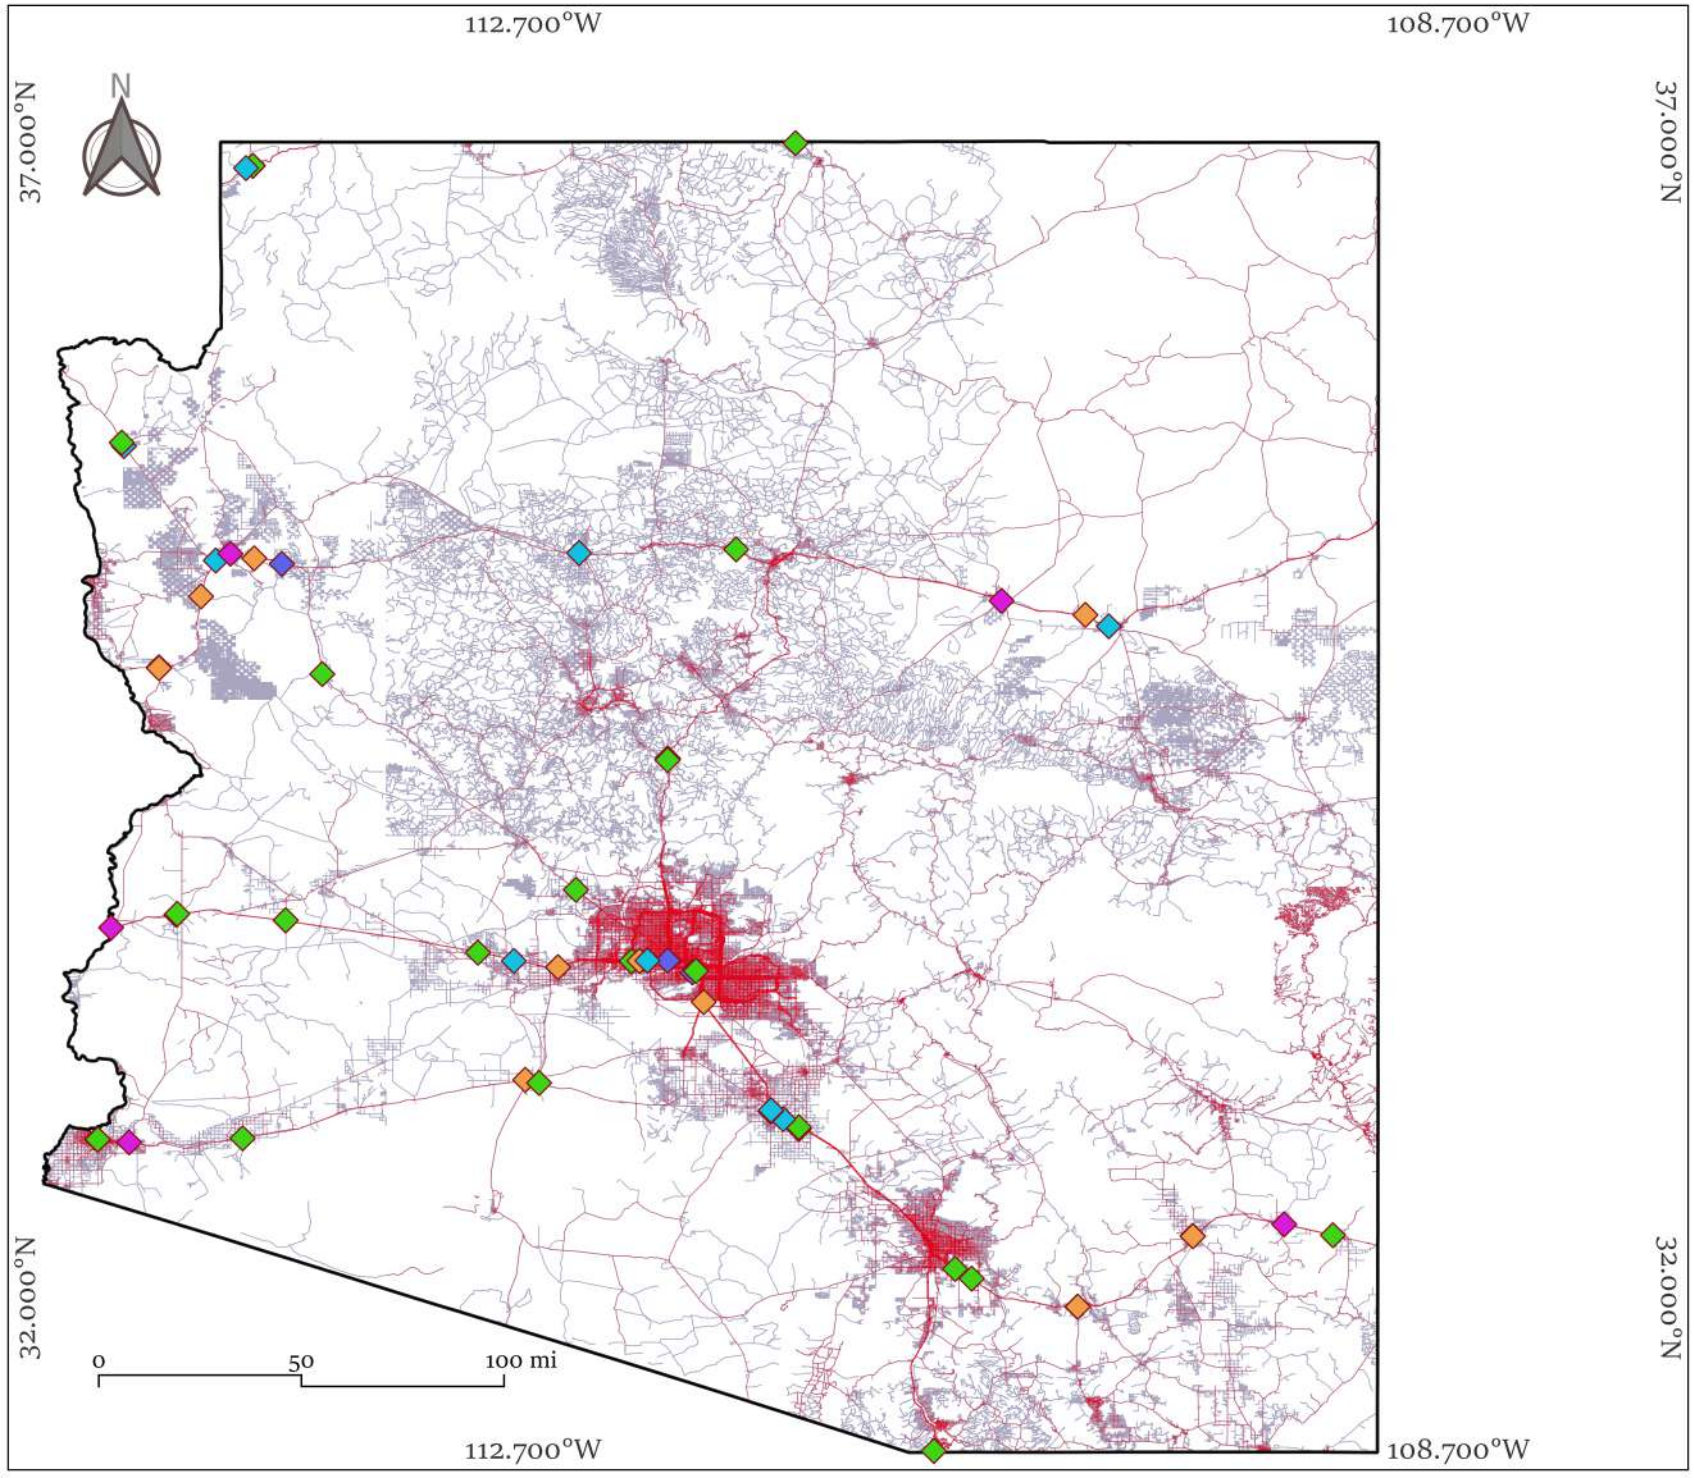

Heavy Truck Volume (AADT)
- < 800 trucks/day
- 800 - 2,500
- 2,500 - 5,000
- 5,000 - 10,000
- > 10,000 trucks/day

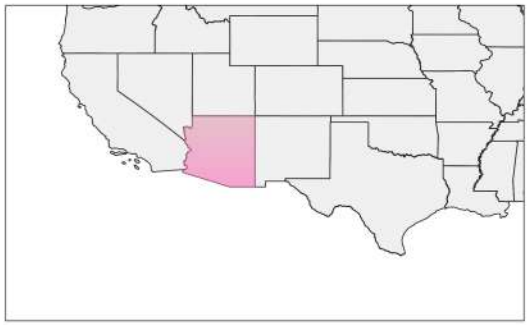

Coordinate System: EPSG:26912 - NAD83 / UTM zone 12N

Data Sources:
- Bureau of Land Management (2026);
- AZGeo Data Hub (2025);
- U.S. Census Bureau (2026);
- © OpenStreetMap contributors (2026).

# ARIZONA STATEWIDE FEASIBILITY: Projected Total Daily Traffic

Truck Stop Companies
- Flying J
- Love's
- Petro
- Pilot
- TA
- All Roads
- States of USA
- Arizona State

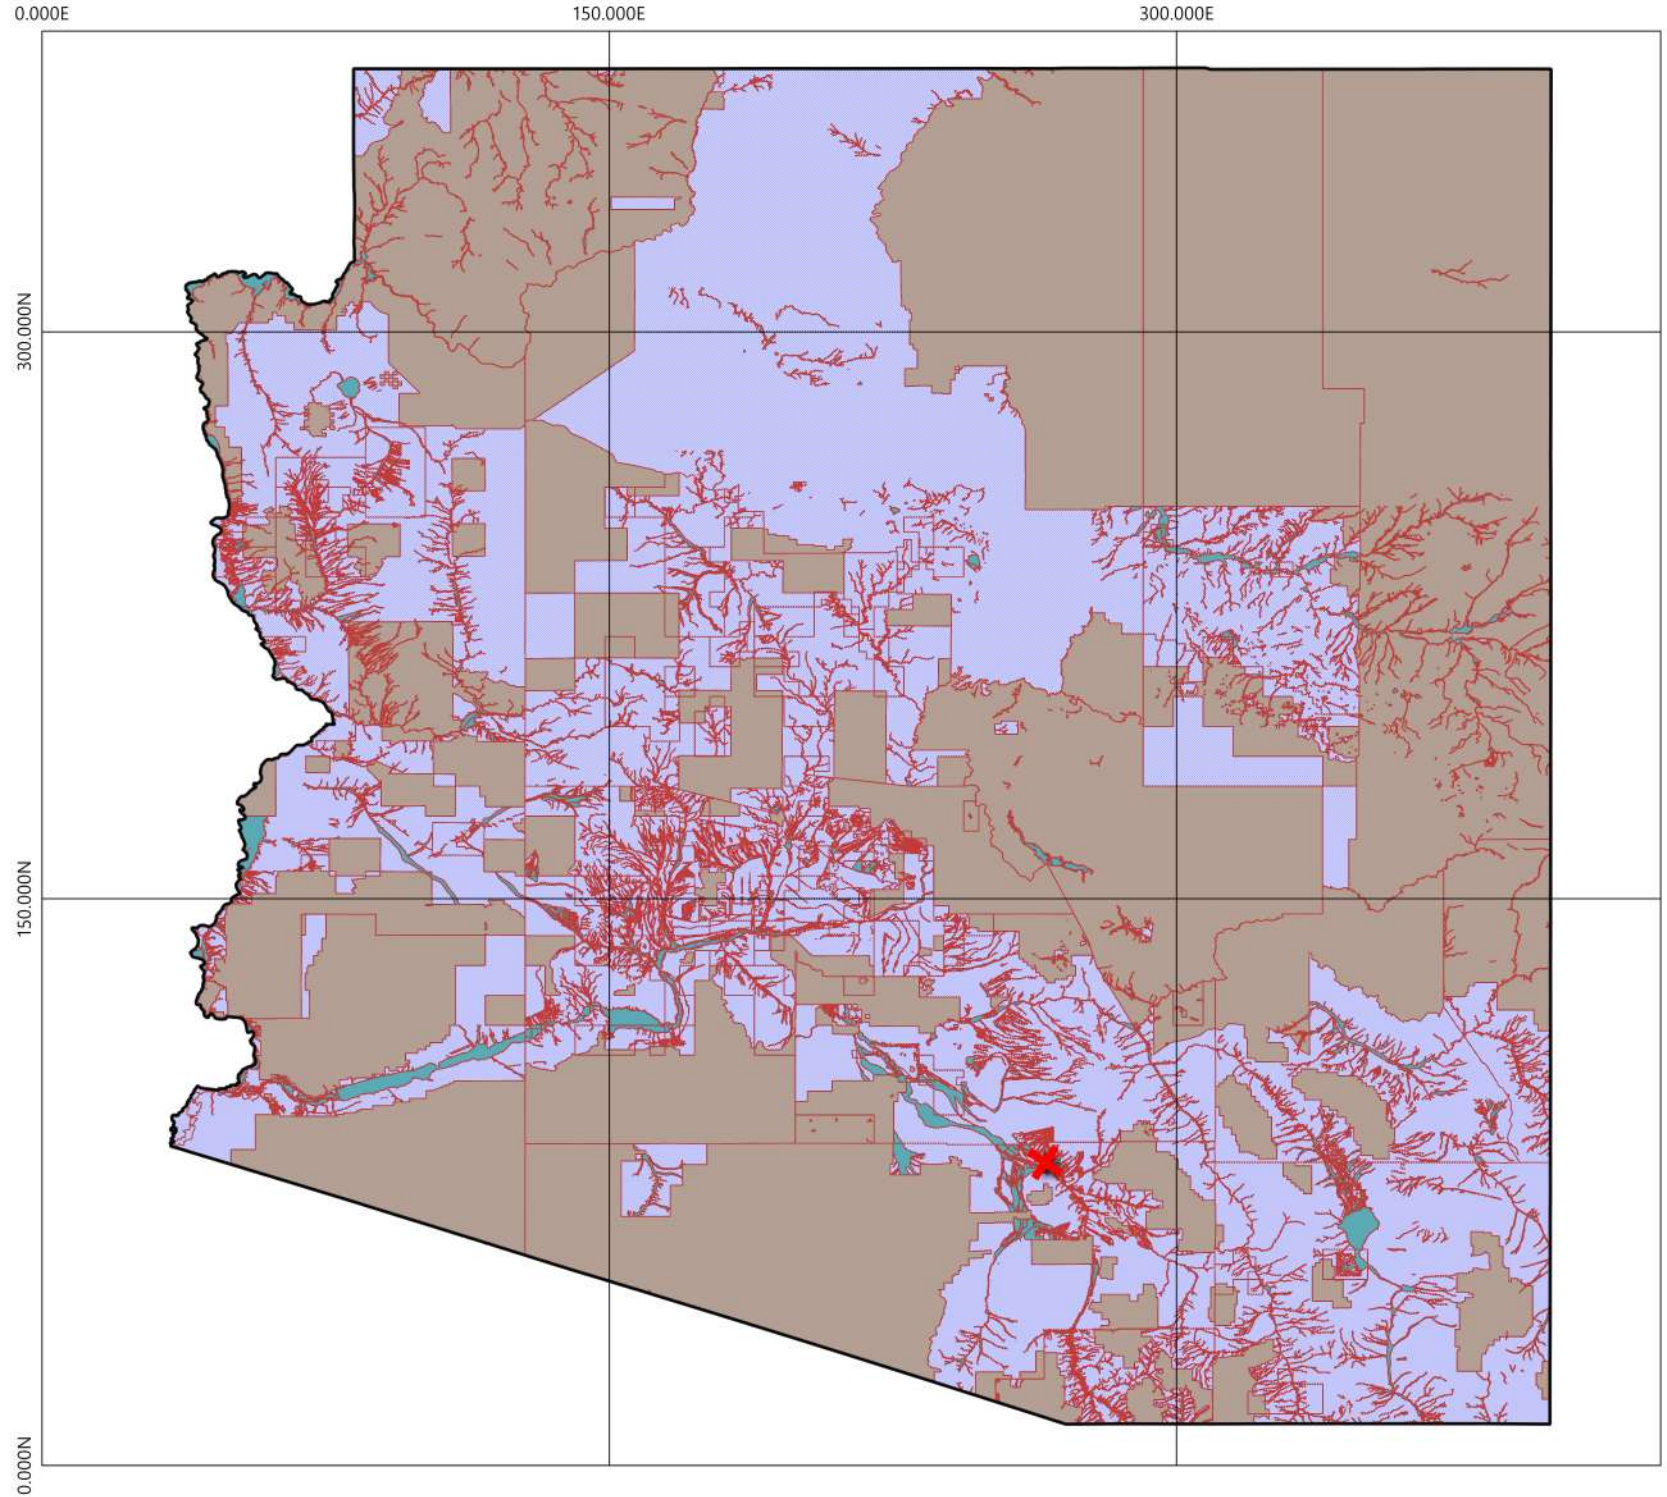

Total Vehicle Volume (Future AADT)
- < 20,000 vehicles/day
- 20,000 - 50,000
- 50,000 - 100,000
- 100,000 - 200,000
- > 200,000 vehicles/day

Coordinate System: EPSG:26912 - NAD83 / UTM zone 12N

Data Sources:
- Bureau of Land Management (2026);
- AZGeo Data Hub (2025);
- U.S. Census Bureau (2026);
- © OpenStreetMap contributors (2026).

# ENVIRONMENTAL FEASIBILITY: FEMA Flood Hazard Assessment & Site Validation

Proposed Land on Tucson
Competitors Point
Flood Hazard Line

Flood Hazard Classes
- A (SFHA)
- AE (SFHA)
- AH (SFHA)
- AO (SFHA)
- D (Better avoid)
- X (Viable and Safe Zones)

Coordinate System: EPSG:26912 - NAD83 / UTM zone 12N

Data Sources:
- FEMA - National Flood Hazard Layer (2026);
- Google Satellite Hybrid (2026).
